Household hazard check

Check what your animal can reach, including bags, benches, gardens and rubbish.

Use this with the full guide.
Adapt the plan to your animal.

YOUR CHECKLIST

- [ ] Secure medicines, chemicals, baits and rubbish.
- [ ] Check accessible bags, food and dropped tablets.
- [ ] Identify plants; exclude true lilies and daylilies from cat homes.
- [ ] Read species and separation instructions on pet treatments.
- [ ] Keep product packaging available for professional advice.
- [ ] Save your usual vet, emergency vet and poison-service contacts.

Suspected poisoning: call your vet promptly. After ingestion, do not induce vomiting or give food, drink or home remedies unless directed.
